Lighter & Longer for more load space

#### Nimble and agile handling in tight situations

In tight situations typically encountered around town, the HD36L is an impressively nimble and agile performer, thanks to its compact cab dimensions, narrower wheel tread and amazingly small 5.8m turning radius.

Cab Tilting for easier maintenance

Designed for Stability & Safety

• More rigid frame than competitors

• Stabilizer bar for durability and steering

• Enhanced front suspension and shock absorber

• High capacity axle and leaf spring
